FIDELITY TO PRINCIPLE AND ITS ASSURED REWARD.

It has always been the unswerving and firm belief of Democrats, relied upon and boldly avowed when the prospects before them looked the darkest, and when the Radical party, made insolent by their triumphs, stood upon the highest height of their power, that the day would inevitably come when the eyes of the people would be opened, when the spell of their strange infatuation which led them to maintain that party would be broken, and when the party, made to appear in their true colors by the flood of light which must sooner or later be let in upon their record, would be toppled down from the bad pre-eminence to which in troubled times they had been lifted. For maintaining this faith, as they did through evil and through good report, founded as it is in convictions of public policy which cannot be shaken and arguments against the Radical party which its ablest men have never been able to answer, and which faith can only be surrendered with the deeper faith in the fundamentals of our Institutions and form of Government, the Democrats of the country have been the object of more sneers, have suffered more insult, more malignant misrepresentation, and had more undeserved odium poured upon them than ever fell to the lot of any body of men before. Strong, indeed, must have been their political convictions, firm their principles, great their faith in the people, who, however far they go astray, must eventually return to their right mind, to have borne up against the tremendous pressure and the flood of obloquy brought to bear against them. But they felt themselves to be right and were not to be seduced. Though overpowered with numbers, though their principles were unpopular, though the temptations thrown in their way to abandon their sentinelship on the watchtowers of a nation's liberties were great, they scorned all proffered alliances with powers bent upon ruin, all allurements to forsake the stronghold they occupied in defence of the Constitution, the laws, and the vital principles that lie at the foundation of our life as a people, stood firm, maintained their ground, and defied calumny. They saw the rapid downward, destructive tendency of things under the guidance of the Radical party. They saw precedent after precedent kicked aside, law after law annulled, right after right trampled under foot, and might made the supreme arbiter of the land. The entire policy of the Radical party, the whole force of its numbers, the burthen of its teachings, they saw were on the side of the wild, the reckless, the revolutionary, and the disorganizing. It was their duty, then, to oppose firmly so ruinous a course; and if the Democrats, through all these years, had not breasted bravely, as they did, the tide of Radicalism, which they did much to check though powerless to overcome, we should have had very little left at this time that would be worth saving, nor been able to see to-day, as we do see, a light ahead which promises to lead us safely through.

By persevering in well doing; by persevering in relentless hostility to the usurpations and crimes of the Radical party; by counteracting at all times and everywhere to the utmost of their power the dangerous spirit which that party were instilling into the popular mind; and by holding up to the people in a spirit of candor and good faith those sound political truths on the preservation of which their safety and happiness depended, the Democrats felt that though the country ran on ruinward rapidly under the universal mismanagement that Radicalism had wrought, the time must come, or free institutions fail, when fanaticism would be checked, when the mind of a misguided and deceived people would be changed, and they should see, with the same eyes with which Democrats saw, that the course pursued by Radicalism was full of danger, and that the ship of State, its helm torn away and its crew steeped to the eyes in drunkenness, was being driven over desperate seas. It is therefore with gratification and with much reason for self gratulation that Democrats witness the evidences around them that a wholesome reaction is in progress and daily augmenting in force in the minds of the people, and that the convictions of the people are shaping themselves into a strong resemblance to those to which the Democrats have adhered, and never tired of promulgating, during the long and dreary years of vicissitude and peril through which we have been passing. No one capable of independent and unprejudiced thought can look around him now without seeing clearly that a very great change has taken place in the public mind, especially in the last year or so, and that the principles of Radicalism are rapidly sinking from insolent supremacy into subjection to the better spirit of conservatism. From being extolled and supported, they are fast coming to be despised and rejected.—From being accepted and bowed to to a degree of incomprehensible infatuation in a people with the sagacity of ours, they are being cast aside and sunk into common reprobation. What has brought or is bringing this change about but the patriotic firmness of the Democrats in the position which they took at the onset against innovations of every kind, the indestructibility of the political principles which they held, and the solid, unanswerable arguments which they never ceased to advance in their support? The Radical party proved themselves a lamentable failure long ago.—They have outraged by their lawlessness, oppression, profligacy, debauchery, and corruption the better portion of the country, and driven from their own ranks all those men who gave character to the party in the early years of its existence, and saved it from universal scorn. Who rule it now?—The dregs of the party alone. What are the chief features of its public policy, such as it has, for it has no comprehensive public policy at all? The chief features are the eyes that can see no rights for other men, and the hand that plunders the public Treasury, and an overtaxed people, by the million. Who is at its head? A silent, stolid nonentity, void of ideas, void of understanding, incapable of reflection, averse to thought of every creditable kind, with no more knowledge of statesmanship than a school-girl. Is it strange that with such a head as this, a mere empty receiver of gifts, the chief of an administration which long ago sank into the contempt of even those whose political sympathies should lead them, if any could be so led, to respect and sustain it,—is it strange that the Radical party should be gliding down a steep declivity to permanent degradation? Nothing would be so strange as that such a party should survive. Let Democrats and all conservative men continue their efforts, without swerving and without relaxing, and the time is not far distant when they will see themselves rewarded by a certain triumph for all the obloquy they have borne for the country's sake by the complete disintegration and destruction of the country's greatest enemy, the Radical party.

DOTY'S WASHING MACHINE,
LATELY MUCH IMPROVED,
AND THE NEW
UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE COG WHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, OCTOBER 5, 1869.

THE LOYAL LEAGUES, THE GOVERNOR AND THE STANDARD.

In or about May last, Mr. Henry Haswell, of Jones county, was arrested upon the flimsiest pretense, for the murder of O. R. Colgrove. He was thrown into prison and, while there, the "loil" Leaguers burned his house. His case came up in Jones county Superior Court, last week, and the State Solicitor abandoned the case.

A few nights ago, Mr. Wm. White an old man, residing a few miles from the town of Kinston, went out to his cotton gin to see if things were going on safely there. As he approached his gin, he was fired upon by a gang of "loil League" negroes, and so injured that his life is in great danger.

On the 14th of last month, the barn of Col. D. D. Ferebee, in Camden county, was burned by "loil Leaguers."

A few weeks ago, three barns in Orange county were all burning in sight at one time, the work of "loil Leaguers."

We could increase the list indefinitely, of acts of rapine, incendiarism and murder, perpetrated by "loil Leaguers." The *Standard* has no word of condemnation for the actors in these diabolical tragedies—the Governor sends no detectives to bring them to the punishment of the law. The *Standard* don't call upon the Governor to send out his "loil militia" to catch and hang the rascals; it don't tell the "rebels" to defend themselves against such crimes and outrages; it is as dumb as an oyster on the subject. The *Standard* is not against the perpetrators of these crimes, it is *for* them; they are of its *party*, and therefore it is their champion and apologist; it is a carpet-bag concern, and the "loil Leagues" is the handiwork of carpet baggers. The people can see through all this plainly enough.

But on the other hand, if the people, under the smart of these outrages, and in the hopelessness of legal redress, occasionally defend themselves against such crimes, the Standard is blatant, and cries out, the "rebel" Ku Klux are up, and tells the "loil" men to defend themselves to the death; to slay and kill, and make no terms with "rebels."

We repeat what we have, said often before, the "loil league" is the source of four-fifths of the crimes perpetrated in the State; and it is the bolder and more desperate because the Governor and most of the State officers belong to it. The members perpetrate crime with impunity. Generally such perpetrators of crime are not even arrested; and if arrested, in many instances, they are turned loose by the Courts, as in the case of the Princes in Cherokee; and where they are occasionally convicted, the Governor, at last comes in with a pardon. This is the way in which the "loil" leagues run rough-shod over the people of the State. The people know what we say is true, and the "loil" leagues know it to be true. What can the people do? To whom can they look for protection? The Governor, the Courts, the officers, all seem to laugh and mock at their calamities.

Is it any wonder that the people are alarmed and take steps for self defence? Just such a state of things led, some years ago, to vigilance committees in California, and it is this which gave rise to that other terrible avenger, the ku klux.

Matters begin to look serious, and it behooves the Governor at once to cease his connection with the "loil leagues," and tell all these secret organizations for crime, that they must dissolve and conduct themselves according to law; he must urge the Judges to cease to be partizans, and to administer the law honestly and with firmness. We tell the Governor in candid terms, it is high time for him to cease to be Governor of the leagues, and to become the Governor of the State. He can't hope for peace or public confidence or safety until he does. We tell him, the decent people of the State don't intend to allow the "loil leagues" to murder, burn their barns, commit rape, and do other grave crimes with impunity. There is scarce a county in the State but can produce its list of rapes, incendiarisms and murders, committed by members of the "loil leagues;" and to such an extent have these outrages reached, that no man feels any security for his life, his property or the safety of his wife or daughter, except under his immediate, vigilant guard. These things are becoming intolerable.

JUDICIAL DELINQUENCY.

Yesterday, Monday, was a beautiful, sunshiny day; a fine day for cotton-picking. Looking out from our office door, we saw hundreds of people from the country standing about the Court House; many of them as jurors, witnesses, plaintiffs, defendants, &c., and every one liable to a fine for absence, if he had not made his appearance, and there they stood all day; no plow running; no cotton picked; no fodder gathered, at home, and *no Judge at the Court House!* A day completely lost! Lost at an expense to the good people of the County of between five hundred and a thousand dollars!

We understand that it is no uncommon thing for our "Judges," to absent themselves from the places of holding Court, for two or three days of the first week of the time the terms of the Court ought to be held. This is essentially wrong, and there is no sanction of law for it, and it is criminal when the Judge does it merely for his *convenience*; in such case it is ground for impeachment. Besides, it is an evil that puts the people to great cost and inconvenience. The people expect to go to Court the first days of the term. By custom the three first days are the business days for the people, and when the Judge is absent on these days, the people are disappointed. The law requires the Judge to be at Court on Monday of the term, if he can get there; and we repeat, when he absents himself on that day, for his private convenience, he is guilty of an impeachable crime, and the Grand Jury ought to present him for such absence, to the end that the information go before the Legislature.

These remarks are suggested by the complaints we have heard from many parts of the State, and from a notice in a Western paper, that Court would not be held in Mitchell County until Thursday of the first week of the term. By the way, we remember that, by arrangement, that *jewel* of a Judge, Judge Cannon, holds the Court. He is the learned Judge that spells "January" and "June" with a "G," and "bankrupt" with a big "K" in the middle. He is a fine specimen of a Radical Judge. He illustrates the North Carolina Bench finely. He is the man who turned loose the murderers the "loil league," Princes, in Cherokee, without a trial, as noticed by us some days since. This was done, as will be remembered, by His Honor withdrawing a Juror, and allowing the State to appeal! Such Judges the people ought to become acquainted with!

TAXES.

The people groan under the burden of taxation heaped upon them—we are determined they shall not lose sight of the hand that piles the burden on. Look at the following facts:

The aggregate of the State debt on which the people are required to pay interest this year, is about $35,000,000. The interest on this sum is $2,100,000. The expenses of the State government for the year are, and will be, at least $500,000, not a dollar less, probably much more; the county and city taxes of the entire State cannot fall under $500,000 more. We say nothing of school tax, as there are no common schools; yet there is to be a school tax, say, of $200,000. Then the annual tax account of North Carolina will stand about thus:

Interest on State debt,	$2,100,000
Current State expenses,	500,000
Current town and county expenses,	500,000
School money,	200,000
	$3,300,000

It requires this sum of money at least, to get this "loil" State government along this year. Readers, tax payers, you know how heavy your taxes have been this year, what will you think when we tell you that you have not paid enough to meet the above demand, by at least *eight hundred and forty thousand dollars!* for there is nothing yet to pay the interest on the *old* State bonds with, and you will have to pay that much more next year, as well as whatever school tax may be levied, *in addition to what you have paid this year!* This is certainly true, unless the State government intends to repudiate the old State bonds, or to refuse to pay the interest on them.

But this is not all. The Federal government is collecting, and will continue to collect, at least a million of dollars from the people of this State, in the way of Revenue, and even this amount may be increased next year, as there is great probability that a tax of one cent per pound will be laid on cotton at the next session of Congress.

Let the people consider, that they are thus taxed and impoverished and *ruined*, to sustain a set of graceless scamps in office, who are alike incapacitated to administer a State government, and corrupt at heart. The figures we give illustrate finely, "loil," "carpet bag" rule. It is strange that the plain working men in the Radical ranks don't cry out against the monsters who are thus eating out the substance of the land. Indeed, they are crying out against them. We hear the anathemas deep and loud on every hand. The best orators in the world against Radical misrule and extravagance, are the Radical tax collectors; their speeches are telling powerfully.

* * *

We give to day, a communication from S. McD. Tate, Esq., and a card from Mr. J. J. Mott, in answer to the communications that have appeared in the SENTINEL over the signatures of "James" and "Nojoke."—We have no hand in the controversy, and certainly no disposition to do injustice to any of the parties; but it strikes us that neither the letter of Mr. Tate nor the card of Mr. Mott, meets the points made in the letters of "James." They seem to be rather a sort of recrimination than answer; neither of them alludes to the how or why of the letting the "lime bed branch" to contract, together with several other little points raised by "James" and "Nojoke," in which the people feel a more immediate interest, because involving the subject of money, in the shape of State bonds and taxation.—And it is in this feature of this controversy alone that we feel any concern. We do not think the letter or the card is likely to throw the light on the subject that the people of the State generally, and those interested in the W. N. C. Railroad, particularly, desire to have.

As to the authorship of the letters, about which Mr. Mott, exhibits such anxiety, we have only to say, he neglected to apply to the most certain and direct source from which such information was to be obtained. We do not say he would have obtained it by applying to that source, but then, he *might*, perhaps, have done so; it was surely worth trying.

* * *

Recent sales in Mecklenburg County show that lands are rapidly increasing in value in that section of the State.

NO EXECUTIVE AT THE CAPITOL.

Governor Holden seems to be aping President Grant; he has gone North; has been absent from his duty and from the State for over twenty days. Whether he has gone on a pleasure trip, or on the business of the "Ring," we are not advised; probably on the business of the latter, as the "Ring" has recently been making a move in *Wall Street*. The Governor, the Treasurer, and a number of others of the "Ring" have been in New York, for several days, yea, weeks, during which time our State bonds in that market have fluctuated to an unusual degree.

In the Governor's absence there is no Executive at the Capitol. This is an unheard of thing in this State; under the old and better state of things in North Carolina, the Governor did not dare to leave the State for so long a time, and we remember that when Gov. Ellis, in the last stage of consumption, visited Virginia in hopes of some relief, our present Executive, who was then Editor of the *Standard*, was in favor of his being superceded, and a *pro tem* Governor appointed, although the Speaker of the Senate was present in the city. Now we have no Governor nor Lieutenant Governor here, and no Deputy, unless Charlie Horner will consent to act again.

No Governor and no Treasurer, and the time elapsed (1st of October) in which, by the act of the Legislature, the holders of coupons could fund them; nobody to issue the bonds for the coupons; nobody to sign them, and the time past for a lawful exchange.

But what does the Governor care? What does the "Ring" care for the people or their complaints? Nothing: just nothing! Let what may turn up in his absence requiring his action, the business of the State must stop and await his pleasure and convenience to return. Is not this very much like President Grant in making his summer peregrinations? This was never heard of in the better days of the Republic. High officials are insolent, neglect their duties at their pleasure and without regard to law or the convenience of the people.

Yes, the Governor of North Carolina has been gone out of the State for the last twenty days, and how much longer he will be absent, we cannot tell; in the meantime there is no Executive, although his presence is required every day in his office.

* * *

"SAUL AMONG THE PROPHETS."—Under this head the *Standard* of Monday morning becomes pathetic; astonishly surprised; overwhelmingly picked-up, because the SENTINEL had copied an article from the *Ohio Statesman*, laudatory of the old Democratic party—"the party," to use the words of the "Standard," "of Holden, Rodman, Settle and Dick." The "Standard" puzzles its little brains to know why this is thus; we can tell him. It is because "Holden and Rodman, and Settle and Dick," and others of that stripe, have left the party, that it appears to have any comeliness about it. They and such as they, were blots and blotches sufficiently loathsome to damn any party they might attach themselves to.

For the Sentinel.

To the Editor of the Sentinel:

I have read the communications of "James" and have just seen the "Nojoke" letter. Longer silence on my part would be prejudicial to the interests of the Western N. C. Railroad as well as injustice to myself.

"Nojoke" refers to a communication in the *Standard* giving some account of the stockholders meeting at Newton, and proceeds to assail me in a manner that indicates he is hurt and judges me as its author. I desire to disclaim any knowledge of the *Standard* letter, and in answer to "Nojoke" have only time or inclination now to say, that I am not nor never have been in any "ring." I never gave or promised anything, or allowed it to be done for me, to secure a vote for myself for any place in my life. I did seek to combine the private stock to be voted for Gov. Vance, Judge Merrimon and Dr. McDowell, and having failed as to the first two named am abused by you! I have no interest in, nor connection with the Lime Beds or its "branch."—I am not the "Financial Agent" of the Company, having been relieved by the same meeting which defeated Vance, Merrimon and McDowell, but not until my accounts were published in detail and declared a gratifying exhibit and settled. Whether or not I have made money by this "Agency" can be judged by the fact that I relinquished the place a poorer man than when I took it.

"Nojoke" thinks it strange conduct for a "gentleman and a Democrat" to occupy a seat in the Board of Directors *now*. *I was elected by the private stockholders.* The State Proxy says, (as I learn) that he concurred with the private stockholders *because I opposed repudiation.* Would our friends have been dishonored had they too been elected?

Your imputations of bad faith to these gentlemen are as slanderous as your effort to publicly associate my name with charges of corruption. The President, who was present at every meeting of the Board, says there never was an insinuation much less a charge preferred against me. And now, "Nojoke," *you* seek this mode to injure unjustly!

No man was more sincerely anxious for the election of all three of these gentlemen than myself, nor could any one have been more grieved at the result. I saw it was placing me in a false position, besides, as a large shareholder, I desire to see preserved good feeling and co-operation of all parties in promoting the interests of a corporation in which I was so deeply concerned.

I have no fear that any gentleman who knows me will believe that I would do a dishonorable act, and none knows better than my friends Vance, Merrimon and McDowell that I was, and always have been, their firm and unyielding supporter.

The surprise is painful to me that they will let these slanders go unrebuked. See! "James" charges the stockholders who voted against them with being bribed, and "Nojoke" abuses me and mine *who voted for them!* Surely the stockholders have a hard time of it. While I differ with the majority in the selection of some of their Directors, it never occurred to me to question their right to choose whomsoever they pleased.

SAMUEL McD. TATE.

* * *

A dispatch from Jackson, Miss., says the conspirators from the Sixteenth United States Infantry, who were in league to effect the escape of Colonel Yerger, are to be tried by court martial. One of them, it is found, had a private box at the Jackson postoffice. Their rendezvous for secret meetings with citizens, it is supposed, was about five miles from town.

A CARD.

I have attempted to find out who wrote the articles recently published in the SENTINEL, signed "James." I have not found out yet. Having been kept here, in New York, longer than I expected, and as it is possible I may be detained for some time, (which, of course, interferes with further investigation at present,) I shall take this method of saying that not a dollar, directly or indirectly, was used or promised to secure the result of the recent election, at Newton, for officers of the W. N. C. R. R.; and I defy any man to make the charge openly.

The writings of "James," which are nothing less than implied charges of dishonor and corruption, *are mean, malicious, and cowardly*, much meaner than if they had been directly made.

When I return home I shall renew my endeavors to discover the author. Should he be a respectable man, I shall take further notice of this matter.

Sept. 24, 1869. J. J. MOTT.

GENERAL NEWS.

Mr. George William Curtis declines the nomination of the republican party of New York for Secretary of State.

Some sacrilegious wretch stole the Bible from the pulpit of the Baptist church, in Macon, Ga., a few days ago.

The treaty between the United States and Hesse Darmstadt has been officially proclaimed. It regulates citizenship as with the North German Confederation, on the basis of naturalization.

It is rumored that Gen. Banks is the author of the Cuban constitution published in May, having drawn it up for the Cuban leaders.

The radicals threaten that if Ex-President Andrew Johnson is elected United States Senator by the Legislature of Tennessee, the Senate will refuse to admit him on the grounds of "disloyalty."

Barnum has written another book. It is entitled "Struggles and Triumphs, or Forty Years' Recollections of P. T. Barnum, Written by Himself."

The Internal Revenue Department has been recently bringing its judicial light to bear on hog killing, and decides it to be "manufacturing," and, of course, subject to tax.

Senator Wilson contemplates introducing a bill at the next session of Congress to stop the operations of gold gamblers in Wall street. He designs to make it a penalty to sell or purchase gold unless the full amount of coin sold is actually delivered.

Count Couchuet de Carell, wife and son, from Paris, are making a tour through Virginia. It is said the Count will visit General Lee at Lexington.

In Boston, recently, Mrs. Hartington, her brother and little child, have all died suddenly. Her husband and a Mrs. Dumply are suspected of having poisoned them, and have been arrested. The case occasions considerable excitement.

Mr. Lorillard, the fine-cut tobacco man of New York, who owns the yacht Meteor, has challenged the English yachts to an ocean race for $5,000.

The *Proof Sheet* estimates that there are printed in States and Territories 542 daily and 4,425 weekly newspapers. The number of monthly publications is 277. Total 5,244.

Two of the clerks employed in the silk department of A. T. Stewart & Co.'s wholesale store, in New York, have been arrested on a charge of having committed a series of extensive larcenies. A duplicate pass stamp used in the store for the outgoing parcels was found in their possession.

A Paris letter says that "when Hortense died she gave the engagement ring of her mother, the Empress Josephine, to her son, the present Emperor of France, making it a condition that he should never put it on another hand than that of the future Empress of the French. The request was obeyed, and Eugenie owns the ring."

FISK'S OPERA HOUSE ATTACHED.—Orlando W. Joslyn and John W. Bostwick commenced suit in New York yesterday against William Heath, James W. Ellis, Charles F. Quincey, Jay Gould and James Fisk, Jr., in the Court of Common Pleas, to recover $17,450 damages for breach of contract, having ordered Saturday last $435,000 in gold, at 160, which they refused to take. Attachment issued against Fisk's Opera House and other property.

In excavating for the Fulton street sewer, in Chicago, recently, the workmen struck a cedar swamp at a depth of eleven feet beneath the surface, near Lincoln street. Fragments of cedar trees, rotted away to almost nothing, were found in abundance. The most singular part of the matter was the finding of layers of sand and rotten leaves, showing the annual fall of leaves and their covering by layers of drift sand. These alternate layers are about ten to the inch, indicating some very curious facts for students of geology. If the street has never been filled, and there is no evidence that it has, the cedar swamp existed some 1,300 years ago.

THE INCOME TAX.—It is stated that the commissioner of internal revenue has prepared a circular of instructions, to be sent to the deputy assessors of each district, in reference to the assessment of the income tax. A thorough recanvass of each division is to be made after October 1st. Every house must be visited, and the names of the inmates obtained. Persons who have no income to be taxed must make an affidavit of that fact, and those who have made no returns are to be summoned to appear at the office of the assessor, and in case of failure to respond are subject to a penalty. The duty of energetic action is impressed upon the assessors.

Mr. James C. Anderson, Postmaster at this place, exhibited to us last week, two letters that had been tampered with, after they were mailed at Statesville for Wilkesboro'. One of the letters contained documents that were enclosed by Mrs. Nannie Caldwell to her husband, W. P. Caldwell, Esq, District Attorney, who was attending Court at Wilkesboro'. The end of the envelope had been cut open, and the contents being examined and no money found was again closed with post-office paste, and suffered to pass to Mr. C. without the contents being disturbed. The other letter contained $245 and was registered. It had been opened at the end, like the first letter, and $10 of the amount only extracted, and again sealed and suffered to go forward to the owner, whose name we do not recollect. Both envelops were returned to Mr. Anderson and his attention called to the matter. The paste used to reseal the letters, is said to be such as Postmasters are in the practice of using, and not the ordinary kind made of flour. The robbery could only be effected by some one having access to the contents of the mailbag by a key.

We learn that a boy who occasionally carried the mail between Statesville and Wilkesboro', has been arrested, at the instance of the contractor, upon suspicion of committing the robberies, and lodged in Jail at Taylorsville. It is not our opinion, however, that he is the guilty party.—*Statesville American.*

DIED,

MITCHELL.—At his residence in Rutherford County, on the 27th ult., after a lingering illness of about 12 months, W. A. MITCHELL, aged 26 years.

OBITUARY.

Departed this life, at his residence in Alamance County, at 1 o'clock, A. M., October 3rd, 1869, JOHN TROLLINGER, Esq., in the 81st year of his age.

Thus has passed away a good and useful man, and memory will oft recall his many virtues, and while he rests from his labors it may confidently be said, "his works do follow him." Nature hath a time for death to fulfil its office; not from the choice of friends, or the claims of natural affection,—these are unyielding; but by the appointment of Heaven. We linger around the dying couch, accounting no sacrifice dear; we follow amid the last struggle, but cannot pass together to the visions beyond death.

His theology was the Bible. Cautious and discriminating on controverted points, his reference to the Scriptures brought him to pleasing conclusions; but, although he had enjoyed much of the consolations of religion for many years, he did not submit to baptism until two years ago, Since that time, his exemption from business, and the monitions of disease, decided his mind to provide for his solemn change. Distrustful, wholly, of self, his reliance was upon God alone; and the expressions, the result of serious thought, to which he frequently gave utterance, showed the sincerity and depth of his piety. His mind was of the higher order, and by strict economy of time, and a course of systematic reading, became possessed of a vast fund of useful knowledge. He has had connection with much of the business affairs of his County for a long time; and the public generally will unite their condolence, while a very large family connection suffer under the loss of so good a man. GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

MORRIS BERNHARDT,

SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. **They can be worn with perfect ease** for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. **How to select Glasses.** It requires professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.

3. **When the eyes ache or pain through** the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. **These spectacles are scientifically** adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. **After several years of public practice,** adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.

6. **M. Bernhardt, to signalize himself** from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.

Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union

Raleigh, Aug 24, 1869.

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.

CHAS. E. JOHNSON, M. D.

Raleigh, N. C., Aug. 24, 1869.

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.

WM. G. HILL, M. D.

Raleigh, N. C., Aug 24, 1869.

I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.

Very respectfully,
F. J. HAYWOOD, M. D.

Raleigh, Aug. 24, 1869.

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.

W. H. McKEE, M. D.

Raleigh, Aug 25, 1869.

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.

R. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

Raleigh, Aug 25, 1869.

Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.

DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

Raleigh, Aug. 26, 1869.

It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.

Pastor of the Presbyterian Church.

EXECUTIVE DEPARTMENT,
Raleigh, March 28, 1866.

I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.

JONATHAN WORTH,
Governor of North Carolina.

State of South Carolina,
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1866.

Sir: I have made a full and satisfactory trial of the spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.

Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,

Very respectfully yours,
JAMES L. ORR,
Governor of South Carolina.

Prof. MORRIS BERNHARDT, Charleston, S. C.

Wilmington, March 31, 1866.

I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them, and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.

THOMAS ATKINSON,
Bishop of North Carolina.

Nashville, April 27, 1867.

The difference between Dr Bernhardt and most Opticians is, according to my observation, that while they pretend to more than they know, he knows more of his business than he professes.

COURT WEEK.—Yesterday Monday, was the day contemplated by law for the beginning of the Fall term of Wake Superior Court, but His Honor Judge Watts, not making his appearance, the Sheriff opened the Court and declared the same adjourned until this morning, 10 o'clock. A thousand persons, Jurors, witnesses, plaintiffs, defendents, were all disappointed among some who had work to do at home, much dissatisfaction was expressed.

A good many lazy negroes were hanging round, ready to be "ketched on de jury" and they were worse disappointed than any body else.

THE MERCHANT'S INDEPENDENT FIRE CO. held a meeting in the Court House last night. The meeting was well attended, and business of interest to the Company was discussed. Mr C. D. Heartt was elected Secretary of the Company in place of Mr. Junius Ferrel, resigned. The organization is in a prosperous condition, and only need water and a good engine, which we hope they will not long want.

The colored Fire Company No. 1, were out yesterday afternoon for the purpose of practice.

The following paper has found its way to our table:

To His Honor Judge Watts:

SIR:—We the undersigned, respectfully ask you to remove John Jones from the office of Magistrate, as we do not believe him to be a proper person to fill that office.

Yours Respectfully,
[Signed] MARK M. WILLIAMS,
(and nobody else.)

John Jones is a colored Magistrate, appointed by Gov. Holden, for the City of Raleigh, and so far as we know, has conducted himself with propriety and has performed his duty. Some time since, the above petitioner was brought before him for cruelly beating a colored woman, and was bound over to the present term of the Court to answer. That's the way the milk got into the above cocoa-nut. The Governor thinks John a "proper person," Mark thinks he isn't. "Who shall decide when doctors disagree?" Not Judge Watts, in this case, certainly.

The *American* says that, on Sunday night fourteen prisoners, nine negroes and five whites, escaped from the jail in Statesville, by forcing open the door with an iron bar.

From the same paper, we learn that, as Mr. J. W. Howell of Olin, with his lady, were on their way to the camp meeting at Harmony Hill, last Tuesday, the horse attached to the buggy took fright and ran away, throwing Mr. H. and his lady out with such force as to render them insensible for some time. Though considerably injured, both Mr. Howell and his wife were doing well at last accounts.

Patrick McFarland, of Rutherford county, committed suicide by hanging himself, on the 2[illegible] of last month.

Mr. McFarland's family missed him from the house, and having some fears about him commenced searching for him, and found him in the smoke house hanging lifeless. So says the *Star* of the 2d inst.

Mrs. Arley Ellis was thrown from her horse, in Salisbury, on Saturday last, and was severely injured.

FRUITS OF THE REVIVAL.—Owing to the rain, on Sunday, the Churches had rather thin congregations. At the Methodist Church the reception of members was postponed until next Sabbath.

At the Baptist Church on Sunday night, six persons were received by Baptism. The whole number that have made a profession of religion at this Church is about forty, of whom thirty-one have been received into membership.

At the morning service, the pastor, Rev. Mr. Pritchard, read the following report of the condition of the Church, its finances, &c., for the year, which shows well for the congregation:

SHERIFF OF PITTSYLVANIA.—The Danville *Register* has information that the County Court of Pittsylvania, last Friday, accepted the official bond offered by the military sheriff, Lesby, under orders from General Canby, who directed them to accept the sureties on the bond for the sums at which they respectively fixed the value of their possessions. An individual had only to make oath that he was worth a certain sum, and the Court were under orders to take him for that sum, without further ado, no matter what their suspicions of his solvency may have been. And thus, says the *Register*, this protracted farce has scandalously terminated, and the sheriff is to go on with the collection of the State taxes and county levy, with a bond utterly inadequate as a protection to the State and County.

The penalty was fixed at $40,000, but the *Register* is assured that parties were present and prepared to prove to the Court that all the sureties together offered by the sheriff were worth less than $9,000. But the Court, it seems had no discretion in the matter, as Gen. Canby had given positive instructions

We hope that these facts will be fully ventilated by the press outside of the State. Let all the people know how some things are managed in Virginia.—*Norfolk Virginian.*

LOOK AT THIS!—There is a paper published in Augusta, called the *Georgia Republican.* Was there ever such impudence as that of the low born lop-eared Maine whelp, calling his exudations of ideas that spring from the child of Bastardy on one side, and a Penitentiary on the other, the *Georgia Republican?* The Puppy has asked us to exchange with him, and we do so upon the old principal that "disgust is nurtured by its own revolting pictures" as Carlyle has it.

NARROW ESCAPE FROM DROWNING.—Wm. Chinn, a small white boy about twelve years of age, while playing in a boat at Market dock about 11 o'clock yesterday morning, fell overboard and would most certainly have been drowned had it not been for the exertions of a colored man named Alex. White. Seeing the danger of the boy, who had already sunk twice, White fearlessly jumped overboard and seized him just in time to prevent his drowning. This action may be in itself its own reward, but it should most certainly not be permitted to pass by without some substantial recognition.—*Wilmington Journal.*

Virginia has paid $1,8[illegible],000 tax on manufactured tobacco between March and September.

WILMINGTON.

WILMINGTON, Oct. 4th.—The Privateer "Hornet" alias "Cuba," anchored off Smithville on Saturday flying Cuban colors. It has been definitely ascertained that she has 200 men and 30 officers aboard; the majority of the latter consists of ex-Confederates.

Her armament consists of 8 heavy guns. She anchored inside the bar and sent the Engineer and Purser to the city to secure a supply of coal. Suspicions being aroused sooner than was expected, the officers, after engaging a supply, returned to the vessel without making arrangements to get the coal aboard. They left this city last night, about 12 o'clock, for Smithville, 35 miles below, on a small row boat.

The Collector of Customs, Rumley, chartered the Steamer Tug, Alpha, this morning at 4 o'clock and having placed in the hands of a Deputy U. S. Marshal, a warrant issued by the U S Commissioners, placed him aboard the Tug with a part of the Custom House force, with orders to detain the Privateer until further orders.

Col Frank, commanding United States troops at the Post of Smithville, is expected to co-operate with the Deputy Marshal and force if necessary. The "Alapha," has not yet returned. Further intelligence will be telegraphed immediately on her arrival. The officers who visited the city are very bold, and insisting that there is no process by which the Privateer can be legally detained. The event creates much excitement and comment.

LATER.—The Cuba has been seized by the Deputy U. S. Marshal at Smithville and at 12 M. was brought up, and anchored half a mile below the city. This evening a number of her officers were in the city and were positive in their declarations that there is no pretext under which the Cuba can be detained by the authorities any longer than it is necessary to have an investigation.

In armament and crew the Cuba is a formidable vessel and is represented to have great speed. She is short of coal and provisions now, and the machinery is considerably deranged.

The following is a complete list of the officers: Commodore Edward Higgins, Commander Thos L Dorning, Lt Commander David A Telfair. Navigation officer G W Read, Dr Fred J Mc Nutly surgeon, E Valentine Paymaster, F Ingraham Captain of Marines and Private Secretary to the Commodore; Dr. E W Dubose, Ass't Surgeon; D D Munroe, 1st Lt. of Marines; [illegible] Feling, Master; E Sommers, Ensign; Henry S Cooke, Ensign; A M Mason, Ensign; R H Gibson, Ensign; W D Phillips, Midshipman; A Mumey, Midshipman; Louis French, Chief Engineer; Robt Graham, 1st Assistant Engineer; Jno Lynch, 1st Ass't Engineer; Jas Dennison, 2d Ass't Engineer; S Kearney, 2d Ass't Engineer; J Amiar, 2d Ass't Engineer; Ed O Torallas, 2d Ass't Engineer; Jno Mallay, Paymaster's Clerk; and W J Faherty, Master's Mate.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes; and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that [illegible] this and any other [illegible] argument as to its [illegible] all others. With the [illegible] ordinary workmen can [illegible] up. The patentee is [illegible] few days, and will take [illegible] explaining its merits.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 12,237 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."

THE INDEPENDENCE OF CUBA.

Important information concerning the Spanish and Cuban imbroglio, reaches us this morning—from Washington—in the shape of a telegram to the *Journal of Commerce*, usually very careful in its statements. General Sickles, in a despatch to the Administration, states that Spain requests the United States not to press the negotiations to an *ultimatum* at present. *General Sickles was verbally informed that the government of the Regent are willing to concede the independence of Cuba upon terms which will be satisfactory both to Cuba and the United States*, but that to do this at present would be inconsistent with Spanish honor. Spain does not decline the mediation of the United States, or reject the propositions of our government, but still holds them, preserving meanwhile the foregoing request, and will probably hold them till a settlement of the question is reached. According to General Sickles, the present rulers of Spain have been willing all along to free Cuba, and have told him so, but have not yet agreed upon the terms. The Spanish mind is now excited by newspaper reports of American influence, and by inflammatory comments thereon, the effect of which must be allowed to wear off to some extent before the time will be favorable for making the bargain.

We earnestly trust that a moderate and generous view will be taken of this subject, not only by the Government, but by the people at large, and that a sincere desire to act with the strictest impartiality will be evinced. Remembering how susceptible we, as a nation, were, during our late troubles, we should all the more readily decide upon throwing no obstacle in the way of the Spanish Government, which has an arduous task at best. To effect a satisfactory adjustment of home affairs, and then in due time settle the Cuban question, Spain must be untrammelled, and we repeat our wish that, so far as this Government is concerned, she shall meet with no interference. There must be no compulsion—Spain must act as becomes her national dignity.

It is understood that a Cuban privateer is hovering off our coast, with the purpose of capturing Spanish merchant vessels bound to this port. We hope that such a stand will be taken by our Administration on this point as will prove clearly that it discountenances all irregular proceedings of this description. We must be entirely and consistently neutral—and this as much for the sake of "free Cuba," as ourselves.—*N. Y. Express.*

SNOW HILL, N. C.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when these could be obtained.

From Rev. Aldert Smedes, D. D., Rector of St Mary's School, Raleigh, N. C.
RALEIGH, N. C.

I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable.
ALDERT SMEDES.

From J. W. Gulick, A. M., Prin. Male Academy, Goldsboro', N. C.:
GOLDSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular.
J. W. GULICK.

From Col. Wm. Bingham, Prin. Bingham School, N. C.

"The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. Closs, Prin. Durham Academy, N. C.:
DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition.

From J. E. Dugger, Esq., Prin. Male Academy, Warrenton, N. C.
WARRENTON, N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation.
J. E. DUGGER.

From W. C. Kerr, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. Bernheim, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.
MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance.
G. D. BERNHEIM.

From Prof. Jos. H. Foy, President Stantonsburg Scientific High School, N. C.
WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the 'National Series of Readers and Spellers' the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard - —— which stands next best on the list.

McNally's, the fifth book of the course, is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit.
J. H. FOY.

From the Statesville, N. C. *American*, February 29th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1868.
NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1868.
NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1868.
The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

The Gin is of a very superior style of workmanship, gins more Cotton in a given time than any Gin of the same number of saws; picks the seed cleaner; leaves no motes or nap; does not waste the lint by throwing it over the walls of the room where it is being ginned; does not cut the lint, but brings it out in beautiful bats.

Planters desiring Gins would do well to buy one of Gullett's, as each one is guaranteed, and if it does not have the advantages, over other Gins, named in this advertisement, after fair trial, it will be no sale.
